## Tax bills to be mailed this week

Madison County Treasurer Mick Henkhaus and his staff are stuffing about 167,000 tax bills into envelopes expected to be in the mail and on their way to property owners by Friday.

Henkhaus is unhappy about the late mailing.

"For the taxing districts, it's a shame," Henkhaus said.

But for the ordinary taxpayer, "No one has been beating the door down," he said.

The first tax installment is due Aug. 14, with the final payment due Nov. 16.

In Granite City, Venice, Nameoki and Edwardsville, local township tax collectors will accept tax payments until Aug. 31. The Madison County Circuit Court has been the county treasurer from collecting taxes in those townships until Sept. 1. Other areas of the county will pay directly to the county treasurer.

Gail Valle, Granite City deputy treasurer, said city taxpayers have the option of paying from 9 a.m. to 4 p.m. Monday through Friday at the Treasurer's Office, 2000 Edison Ave., or paying at area banks.

Those participating are: First Granite City National Bank, 20th Street and Edison Avenue, and Nameoki Road and Jill Avenue;

Central Bank of Granite City, 1900 Edison Ave., and 2400 Madison Ave.; Colonial Bank of Granite City, Maryville and Pontoon roads; American Heritage Bank of Granite City; First Nameoki Road; and the First National Bank in Madison, 600 Madison Ave., Madison.

Granite City taxpayers should make their payments to Collector Nick Petriello, Valle said, explaining that taxpayers are often confused about when and where to send their payments.

Residents are to mail their bills to our office (or local banks) until Sept. 1," she said. Local collectors can then directly distribute the money to taxing bodies.

Checks should be made out to Krakowicki, and the township will be unable to accept checks made out to Henkhaus.

In Nameoki Township, Collector Stephen Iserburg said his office at 4250 Illinois 162 will be collecting tax checks made out to him from 8 a.m. to 4 p.m. every day until the end of the year. Payments can also be made to First Granite City National Bank, Central Bank of Granite City, Colonial Bank of Granite City, Community Bank of Granite City and the First National Bank in Madison.

Chouteau Township no longer collects county taxes.

Chouteau residents and others may send their taxes to the county treasurer at 185 N. Main, Edwardsville, Ill. 62025, or to area banks.

## 4,000 sign anti-rate petitions

By Dave Gosnell

Staff writer

**GRANITE CITY** — They are distributed at businesses throughout the city, at sports events, the grocery store and just about anywhere where people meet.

Larry and Tammy Martin, of Granite City, have started something. It took the Martins about three weeks to get 4,000 signatures from people in the Tri-Cities Area who oppose recent Illinois Power rate increases.

"It's really snowballing ever since the bill came out," said Larry Martin.

The Martins began asking for signatures on the petition about three weeks ago. They say people are now asking for blank drives to help with the petition drive.

Larry Martin, who works at Granite City Steel, said he has seen petitions in the plant's cafeteria.

"They don't ask any questions. They read the title head and then sign," he said.

Larry Martin said he is not against reasonable rate increases, but he thinks the 40 percent increase in summer

merce Commission and Illinois Power to roll back electricity and gas rates..."

Larry Martin said it was his own bill that spurred him to action.

"We got a bill just like everybody else and we were outraged," Martin said. He said the electric bill was arrested a month after higher summer rates were imposed by IP. It went up from \$36 to \$237. The Martins brought with the drive.

"We said somebody has to do this," he said.

Since starting the drive, Larry Martin has talked to many local residents about the effects of the 40 percent summer increase.

Many of the people are elderly, he said, and they're worried about bigger bills. He said some say they have stopped using their air conditioners during the day and can afford to use them only so they can sleep on hot nights.

"They have to have this air. They just don't know what to do," he said.

Larry Martin said he is not against reasonable rate increases, but he thinks the 40 percent increase in summer

rates is unfair.

"The electric company says this is their prime time. What are they doing, a hotel business?" he asked.

Norm Hall, the IP office in Granite City, said part of the increases were necessary to pay dividends to stockholders, whose pension fund IP helped pay for the Clinton nuclear power plant near Springfield. The plant was also paid for with interest on bonds issued for its construction. Hall said most of the revenue generated by the increases was for increased operation costs.

Hall said IP requested an 18 percent rate increase last year, but the Illinois Commerce Commission chose to concentrate the rate increase into four summer months and the 40 percent increase represents that concentration.

The rate concentration in the summer, a peak time for electrical consumption, will generate more money for IP than a higher rate at other times would, Hall said.

Larry Martin said he did not understand why, now that the Clinton plant is producing power,

such a large increase was necessary.

"With all the electricity they are putting out, why are their rates higher?" he asked.

Larry Martin plans to send the petitions to Gov. Thompson's office, the ICC, IP and the legislature.

"Everybody's going to complain about higher bills. But it has to be something we can bear," he said.

First Ward Alderman Casmer Skubish supports the petition drive.

Skubish supports the petition drive, but he has heard about 25 calls concerning the rate increase. Skubish urges residents to attend a meeting scheduled for 7 p.m. on Aug. 10 at the Granite City Town Hall to learn how to fight the increase.

"I think they should be reduced or stabilized at least, Skubish said. "People are getting hit hard with the nuclear power plant should be handled by the stockholders."

Skubish said the city can do little about that, but it should join other municipalities to fight the increases. He said the increases are going to hurt area residents and businesses.

The power company says the rate increase applies to the four summer months.

IP says the increase is due to air conditioning usage. Rather than immediately paying the higher summer bills, Hall said several customers request a bill for billing, which allows the increases to be spread over 12 billing periods.

The power company was granted a 18 percent rate increase going into effect in October and the other 9 percent in March. Summer rates took effect in June.

The overall effect of the

increased combined with higher summer rates was a 40 percent in customers' first summer bills, Hall said.

"This all relates back to the Federal Energy Act of 1978 which encouraged the use of summer rates to make consumers use more of the extra energy used in the summertime," Hall said.

The rate increase is causing hardship for many residents, said Larry Martin, a Granite City man who started a petition drive to protest higher bills from the utility company when he received a bill with an increase from \$60 to \$200.

Many of the people are elderly, Martin said, and some won't use their air conditioners during the day because they can afford it.

The Clinton nuclear plant is up to 60 percent of capacity, Hall said. Located 75 miles northeast of Springfield, the plant about three years ago from the Nuclear Regulatory Commission to operate at full power in 30 to 60 days. Hall said stockholders paid for the

## Nameoki Road to be widened

By Dave Gosnell  
Staff writer

**GRANITE CITY** — Nameoki Road is scheduled to be widened by the Illinois Department of Transportation.

The project is in its beginning stages and appears to be a certainty, said Kent Muskoph, a planning engineer for IDOT's office in Fairview Heights.

The \$1.3 million project is included in IDOT's five-year plan for District 8. Nameoki Road is a two-lane road with a fifth turning lane to two more lanes, and the road's concrete median may be removed, Muskoph said.

"We are doing the engineering

work right now," Muskoph said. The project would extend from Pontiac Road to Madison Avenue, he said.

Nameoki Road, a state highway, carries a high-traffic volume of 25,000 vehicles a day and is considered a top priority by the state for improvement, Muskoph said.

"It has experienced a high number of accidents with the turn lane," Muskoph said.

The project will be done in three phases.

(1) Engineering evaluation — To determine where to widen the road.

(2) Approval of a final plan by the federal highway administration.

(3) Prepare final design plans

and purchase land.

Construction will not begin before 1989, Muskoph said. He said the land purchases will probably include small strips paralleling the road.

"We're not going to need it (land) from any businesses or anything like that," Muskoph said.

Once construction begins, however, one lane of traffic on each side of the road will be closed periodically.

"It would never have to be totally closed," he said.

Muskoph said the project will be paid for out of state funds and would not use Granite City's portion of the state's Motor Fuel Tax.

## Water line work awarded

By Donna Kimbro  
Staff writer

**GRANITE CITY** — Bland Construction Co. and Amsco Plumbing Co. were awarded a contract for the installation of a 10-inch water line extension to the truck stop area on Illinois 203 near Interstate 55-70.

A bid analysis listing costs of the installation based on proposals submitted by various contracting companies, was presented to the City Council by Casper Nighohossian, former Madison City engineer, who has been working with Mayor John Bellcoff and the Illinois-American Water Co. in coordinating the project.

Other bids were submitted by C.D. Clegg and Associates, Inc., for \$18,845; M. M. Construction, \$133,985; Hamm Construction, \$133,800; Mercer Construction, \$143,000; and Helmick and Construction, \$222,000.

The water company will provide all the piping and materials for 7,400 feet of 12-inch pipe to the 10-inch line to the new Midstate Truck Plaza. Located south of Madison and in St. Clair County, the truck plaza was annexed by the city in 1984.

The amount of the bid is to cover startup and pipe installation.

After an executive session in which officials said they discussed whether to hire an outside company to do the work or have the city street department, Alderman John Hamm III made a motion to advertise for applications to fill the position of maintenance coordinator for the city.

This motion failed on a 2-6 vote. Andy Economy and Jim Hillmer voted for it and Rich Asperger, Ron Grzywacz, Hamm, Don Wilson, Charles

Rockett and Norris Horton voted against it.

Hamm then moved to advertise for a city maintenance coordinator who would work within a 12-mile radius of the city.

All of the group voted favorably except for Rockett and Horton.

Hamm previously contended that hiring someone from outside the city would be in violation of state statutes. Hamm said at that time he could not find a city employee that says a city employee must be a resident.

Hamm at the July 14 meeting succeeded in getting a motion passed to hire Bud Caffrey of 167 Study Shire in Fairview Heights, a former Madison street department worker, for a position on the street department. However, this action was rescinded at a special council meeting on July 16.

## BAC trustees pass budget

By Bill Begby  
Staff writer

**BELLEVILLE** — Following several cuts, Belleville Area College's fiscal 1988 budget was unanimously approved Thursday by the Board of Trustees.

The budget shows about a \$1 million difference in revenue and expenses. It contains \$16,317,454 in expenditures compared to \$15,291,600 in anticipated revenue.

The difference will be taken from the fund balance.

"It's been well reviewed by all of us and I'm ready to vote in favor of it," said Trustee Leo Ruzicka of Granite City.

Trustee Robert Schulte, Belleville, said the budget was the saddest one he had to vote

on since being on the board.

"This is an unfortunate budget," Dimino said.

BAC's decline in enrollment, he said, was a major loss of revenue.

He urged faculty and administrators to present a more positive image of the school to help stop the enrollment decline.

Student Trustee Linda Clegg of Granite City agreed that an enrollment increase is needed.

"It's a good school and I'm a fan of Granite City," she said after the meeting.

Administrators will try to reduce higher rates during the fiscal year to tighten the gap between expenses and revenues, even if services have to be cut.

Chancellor Bruce Wissore said.

In June, the trustees requested that \$350,000 be removed from an original proposal that totaled an additional \$1.2 million. The cuts were later made due to the failure of Gov. Jim Thompson's tax proposal.

The board also approved a \$4,622,200 tax levy for the fiscal year. Budgeted is \$4,622,200 for the educational fund, \$700,000 for the operations, building and maintenance fund; \$550,000 for the liability protection and settlement fund; and \$10,000 for the art fund.

There were no comments on the budget or tax levy at a public hearing held before the vote was taken.

## III. Power extended hours spark questions, answers

**GRANITE CITY** — People used extended hours at the regional Illinois Power Co. offices to discuss summer rate increases.

Norm Hall, the company's Quad-Cities Area representative, and approximately 100 people on Tuesday visited the Granite City office at Niedringhaus and Delmar avenues.

They wanted to know why they had such a dramatic rate increase.

First Ward Alderman Casmer Skubish supports the petition drive, but he has heard about 25 calls concerning the rate increase. Skubish urges residents to attend a meeting scheduled for 7 p.m. on Aug. 10 at the Granite City Town Hall to learn how to fight the increase.

"It's being handled by the power company," Hall said. "They are doing a good job, but it's not being handled by the power company."

Skubish said the city can do little about that, but it should join other municipalities to fight the increases. He said the increases are going to hurt area residents and businesses.

The overall effect of the

JOE LUCIDO accepts a contribution of \$100 from Linda Crowley, president of the American Association of Retired Persons, Chapter 134, on behalf of the American Cancer Society. The chapter also donated to the Organization for Advancement of The Handicapped and the check was accepted by Tim McCarthy and Walter Schermer. There were 115 members present at the meeting to view a film presentation by Jim Chiappa, Wellness Center Coordinator from St. Elizabeth Medical Center. Entertainment was by the Fairview Heights Senior Citizen Kitchen Band.

## Warning on mosquitoes

SPRINGFIELD — The Illinois Department of Public Health has issued a statewide alert to physicians and hospital personnel regarding St. Louis encephalitis.

Although no cases have been confirmed in the year in Illinois, an alert was issued because of evidence of the virus among birds and mosquitoes.

State Health Director Dr. Bernice Denuizio said residents of Illinois should take precautions to protect themselves against the Culex mosquitoes.

"The situation is not yet a cause for alarm, but precautionary measures should be taken," he said.

People can help protect themselves by eliminating Culex breeding sites from yards and premises. "Anything that might contain a small amount of water, such as a tin can or a discarded tire, can provide an attractive breeding site for these mosquitoes," Dr. Turnock said.

The Culex, or Northern House Mosquitoes, are tiny brown insects. They are "gentle biters" and can bite without being noticed.

Weather conditions this year have been conducive to the breeding of Culex mosquitoes. Intermittent rains form small puddles in water and dry spells bring out rainfall, allowing the insects to sit and stagnate. These puddles are ideal sites for Culex mosquitoes.

St. Louis encephalitis is a serious disease which affects the central nervous system and can be fatal.

Symptoms of the disease usually begin 10 to 14 days following the bite of an infected mosquito. The first symptoms include headache, high fever and muscle aches. These symptoms are followed by stiffness in the neck, loss of motor function, confusion, disorientation or confusion.

If any of these symptoms occur, prompt medical attention is essential.

In 1975, nearly 600 cases of the disease occurred in Illinois, and 47 persons died. In 1976, there were 19 cases in the state, 13 in 1977, none in 1978 and 1979.

In 1980, none in 1981; two in 1982; two in 1983; and none in 1984, 1985 or 1986. One death in 1982 has occurred since 1975.

The disease does not affect the birds or mosquitoes which carry the virus.

**Blood donors over 65 can donate now without written permission; drive Thursday in Granite City**

Blood donors over age 65 who have successfully given blood within the last year may do so without the written permission of their physician, said Dr. Marilyn Johnston, medical director of the Missouri/Illinois Regional Red Cross Blood Services.

Verbal consent must be granted yearly by their doctor, however, to assure the donor's good health.

These blood donors were previously asked to present a medical statement dated one month prior to their donation.

"Americans are taking better care of their health," Johnston said. "Because of this, the American National Red Cross feels donating blood poses no health risks for these healthy, older individuals. This is an observation of medical professionals after the conclusion of a formal study."

Nearly 700 persons, or 1.2 percent of the 325,000 Red Cross blood donors, celebrated their 60th birthday in the last 12 years. Of those another 4,500 or 1.4 percent will reach this age within two years.

"We hope those giving blood regularly will continue to do so and again next birthday," Johnston said. "Our concern, however, is always for the donor's health."

Prospective donors must be 17

other birds.

About halfway through the summer, the mosquitoes change their feeding habits. They begin to bite humans and transmit the virus.

The Culex, or Northern House Mosquitoes, are tiny brown insects. They are "gentle biters" and can bite without being noticed.

## Governors back Thompson on mail order sales, air 'turmoil'

TRAVERSE CITY, MICH. — The state's governors on July 28 endorsed a proposal offered by Gov. James E. Thompson urging Congress to cut a tax policy that costs states an estimated \$1.5 billion in lost revenue a year.

Meeting at the annual summer session of the National Governors' Association (NGA), the state leaders adopted a policy proposed by Thompson that calls on Congress to pass corrective legislation allowing states to require large out-of-state mail order firms to collect state sales and use taxes.

"Failure to take this action will cost Michigan \$100 million a year," Thompson said.

"Air service is a vital link in any state's effort to increase its economic presence in the world, and nowhere is that more evident than in Illinois with O'Hare Airport," the governor said.

"But air transportation is in a state of turmoil," Thompson said.

"Passage of this legislation would help restore a playing field for retailers and

mail order firms and give states a means to collect already-owed taxes."

The NGA also adopted an airport policy offered by Thompson in his role as chairman of the Subcommittee on Transportation Finance. That policy encourages greater federal action in the areas of airport finance and finance.

"Air service is a vital link in any state's effort to increase its economic presence in the world, and nowhere is that more evident than in Illinois with O'Hare Airport," the governor said.

depends on their enrollment and local property tax base as well as other factors in the state school aid to schools.

Most area districts will get less than last year. The cuts range from 1 percent to 31 percent.

The legislature can override Thompson's reductions by a simple majority in both chambers.

Demuzio predicted the Essential Service Program will "die" if it is not reauthorized by Congress.

"It strongly supports the Essential Service Program," Thompson said.

"If there is any place there is going to be an override, education will be it," agreed Rep. Tom Rydor, R-Jerseyville.

Area legislators are pleased through on earlier threats to make deep cuts and impose

massive layoffs in mental health care programs.

Ryder particularly has made mental health one of his legislative priorities. The governor's action avoiding layoffs "was a good effort," he said.

Sen. Sam Vadalabene, D-East Alton, predicted the legislature will override the governor's veto on education money.

"I think the legislature will have to override it," he said.

Area legislators are pleased through on earlier threats to make deep cuts and impose

massive layoffs in mental health care programs.

Other recommendations included:

• Centralizing responsibility for information systems planning and administration generally at the county level.

• Establishing a dedicated state revenue source to supplement local resources in financing local infrastructure.

• Encouraging development of alternative transportation facilities to provide greater flexibility within the region's existing transportation system.

• Establishing a regional infrastructure board as one of the recommendations of the study, which will be established by the end of the year.

This advisory board would promote a regional approach for infrastructure planning and financing.

"Without giving this problem much attention than it is being given, the region risks both physical deterioration and long-term damage to its economic future," said Melucci.

Establishing a regional infrastructure board was one of the recommendations of the study, which will be established by the end of the year.

This advisory board would promote a regional approach for infrastructure planning and financing.

"The thing we've learned from the study is that our infrastructure problem is clearly not just financial," Melucci said. "Problems are often

"We must find ways to deal with these problems if we are to continue the rapid pace of economic growth and development our metropolitan area is presently enjoying."

**CERTIFIED TRAINING:** Standing at the front entrance of the Ketteler Center in St. Elizabeth Medical Center are Dr. David Berland, SEMC medical consultant for child/adolescent services; Dr. Steven Huk, and Dr. Pat Fox, psychiatry fellows. Dr. David Berland, child psychiatrist and SEMC medical consultant for child/adolescent services.

Both are graduates of St. Louis University's School of Medicine.

The two began their fellowships here in July.

"This is the only program in

Southern Illinois certified for training in child and adolescent psychiatry," said Dr. David Berland.

Dr. Berland is a graduate of the University of Notre Dame.

He is currently a resident in the child psychiatry program at St. Elizabeth Medical Center.

## Crime labs, drug data system, surveillance will be upgraded

The Illinois Department of State Police has been awarded nearly \$2.3 million in federal drug enforcement funds to improve the state's seven crime labs, to begin developing a computerized drug information system and to establish an arsenal of surveillance equipment for use by local agencies, the Illinois Criminal Justice Information Authority announced July 27.

The three awards are the first using \$7.66 million in federal funds that Illinois received in June under the Andrus Abuse of Allergies, Illinois was the first state to receive the new federal drug enforcement funds.

"These awards address some important problems such as backlog in our crime labs that have hindered effective narcotics investigations," said Barbara McDonald. She administers federal assistance programs for the Authority, the state agency that oversees federal criminal justice funding in Illinois.

"The federal money is most welcome," added Illinois Director of State Police James D. Marquis. "The grant will help us fight drugs to an extent that would not have been possible without it."

Local federal funds are being partly matched by \$761,500 in state money, which makes the total award slightly more than \$3 million. Specifically, the monies:

\* Upgrade the state's crime laboratories. Improvements will be made at all seven DSP crime labs. The Carbondale lab, training school, will receive a mass spectrophotometer for use in confirming the molecular structure of drug samples.

The Joliet, Morton and Rockford crime labs will each receive a gas chromatograph, which tentatively identifies drugs and determine their strength.

The Springfield and Champaign labs will be expanded significantly, and equipment at the Fairview Heights facility will be updated.

Twelve new forensic scientists and seven additional clerks will be hired statewide.

A 30 percent increase in cases handled at the seven labs, combined with new and tougher drug

## Granite City police

### Pair sign complaints

Donald D. Day, 32, of 2416 Nameoki Road, was arrested for assault and Richard D. Day, 32, of 2330 Edison Ave., was arrested for criminal trespass July 18 after Dawson claimed Day was on his property and Day claimed Dawson threw two bricks at him. Both were released on \$102 cash bail.

### Burglar breaks window

Patrick Foster, 2560 E. 27th St., said early July 20 someone smashed the driver's window of his 1986 auto and took a radar detector while the car was parked in his house. The window and detector were valued at a total of \$350.

### Faces trespass charges

Lance Edward Hutchinson, 22, of 3007 Kirkpatrick Homes, was arrested on a warrant for two counts of criminal trespass. He was arrested on July 22 in the 2900 block of Kirkpatrick. Bail was set at \$202.

### Residence entered, TV, camera, jewelry taken

Elizabeth Schrader, 210 Misouri Ave., reported that while a family member was asleep a burglar entered her house and took a television, a camera, cash and jewelry, with a total value of \$315, early July 28.

Later, Lee Schrader, her son, reported that a thief took chains and binders, a trailer tire, and a hitch and receiver, worth a total of \$300, from his trailer parked in the backyard.

### Dresses, spreads taken

On July 22, 2006 Illinois Ave., said a burglar removed dresses, a skillet, bedspreads and a mixer, with a total value of more than \$300, from her home. She reported the burglary July 28.

## Madison police

### Arrested on 4 warrants

Lester Brent, 26, of 81 Grenzer Lane, was arrested at 8:51 p.m. July 23 on warrants for possession of marijuana (owing under the influence) and the City of Madison (criminal damage to property, aggravated assault and battery).

### Citizens radio taken

A burglar took a radar detector, a citizen band radio and a lighter, with a total value of \$325, and cracked the inside rearview mirror of the 1983 auto of Harriette Dolosic, 4027 Old Alton Road, on July 22.

### Pickup, car burglarized

Ray Duke, 2545 Madison Ave., reported that someone broke the driver's window of his 1980 pickup truck; removed a radar detector valued at \$229; and a radar detector while the car was parked at his house. The window and detector were valued at a total of \$119. The vehicles were parked at his home, where the burglary was discovered in the morning on July 22.

### 350 bicycle missing

A thief took a bicycle, valued at \$350, from a home at 2416 Kilarney Drive after 9 p.m. July 27.

### Burglar breaks into van

Frank Ishcock, of the 3000 block of Aubrey Avenue, said the driver's window of his van was smashed and a radar detector was taken while the van was parked in his driveway. The burglary was discovered July 29.

### County police

#### Man struck at speedway

Frederick R. Ingram, 19, of Bridgeton, Mo., 101 Madison County, was arrested at 12:30 a.m. July 23 when an acquaintance approached him in the pit area at Tri-City Speedway, 5100 Nameoki Road, and struck him in the face with a fist. Ingram suffered bruises to his face, deputies said.

August 2, 1987/Page 3A  
Granite City Press-Record/Journal Sunday

### Cash taken at Hardee's

A thief removed \$256 from the cash register at Hardee's restaurant, 2642 Madison Ave. The theft was discovered at 12:26 a.m. July 29.

Mr. and Mrs. Kenneth Fuller

## Fuller-Churchwell

Lora Beth Churchwell and Kenneth Corree Fuller were married June 10 at the suburban Baptist Church in Granite City by the Rev. Phil Simcosky.

The bride is the daughter of Bob and Joyce Churchwell, and the groom is the son of Kenneth and Roseella Fuller, all of Granite City.

The matron of honor was Cheri McCaslin, a sister of the bride.

The bride's maids were: Stacy Churchwell, a sister of the bride; Angela Grillion, a sister of the groom; Jennifer Churchwell, a sister-in-law of the bride; and Laura Chenuault.

The best man was Dave McCaslin, a brother-in-law of the bride.

The groomsmen were: Erol Weber, a nephew of the groom;

Kevin Grillion, a brother-in-law of the groom; Mark Churchwell, a brother of the bride; and Kevin Myers.

The flower girl was: Alicia Tepfer, and the ringbearer was Andrew Vansyoc.

The usher was: Kent Monical and Glenn Ahlers.

A reception was held at Granite City Township Hall.

After a wedding trip to Pocono Mountains, Pa., the couple moved to Granite City.

The bride is a 1983 graduate of Granite City High School North. She is employed as a collections clerk by CPI Corp. of St. Louis.

The groom is a 1983 graduate of Granite City High School South, and is a student at SIUE. He is employed as a warehouse man by Bruening Bearings Inc. of Granite City.

## Former residents vacation here

Betty Ebling, a former Granite City citizen, here to visit relatives and friends, met with members of Laureate Alpha Gamma Chapter, Beta Sigma Phi Sorority, for breakfast at the International House of Pancakes.

Recalling old times with the guest were Juanita Calyp, Ruth Styanoff, Delores Dorch, Evelyn Tolliver, Imogene Forrest and Lorri Lombardi.

Ebling, now Beta Sigma Phi International member-at-large, began her membership as a full

member of Jeannine pledge in Granite City, progressing on to Exemplar and Preceptor degrees. While in Granite City, she actively participated in chapter functions, holding many of the chapter offices and chairmanships.

She and her husband, Harvey, have made their home in Alamo, Texas, since retiring. She worked at the St. Louis Area Support Center, and her husband is employed at Granite City Steel.

Liberated Wailing Wall

## Jewish gospel group to perform

The Jews for Jesus traveling evangelistic team, called "The Liberated Wailing Wall," will present a program of music and testimony at 7 p.m. Wednesday at Grace Baptist Church, 2600 Edwards St.

In 1968, a group of Jewish Christians decided they wanted to sing the gospel in a way that was more familiar to them than the standard brand of church music. They wanted music with harmony and rhythm that could bind people together and communicate with a message. The music has been combined with the message that proclaims

Jesus as the Messiah, to create a multifaceted religious experience called "Jewish gospel music."

The group's sound is achieved through a variety of instruments, including piano, guitar, violins and mandolin. A synthesizer also contributes to the music and sound of the liberated wailing wall.

They groups sees as its task the promotion of understanding and reconciliation among Christians and among Christians who qualify and join the tour to agree to be "on the road" for 18 months at a time.

The public is invited to attend.

Granite City Press-Record/Journal Sunday  
American Legion groups install

The 22nd district American Legion, auxiliary, junior groups, and Sons of the Legion, held installations ceremonies July 25 at the Alhambra Fireman and Legion Park.

Dorothy Hinson, department president, served as installing officer. She was assisted by Lester Bell of Collinsville, past department president; and Billy Leroy of Highland, past district president.

The following auxiliary members were given their oaths of office: president, Judy Schmitz of New Douglas; first vice-president, Peggy Weber of Maryville; second vice-president, Georgia Pollard of Highland; secretary, Irene Schmitz of New Douglas; treasurer Rose Schwarz of O'Fallon; historian, Barbara Weathers of Granite City; chaplain, Marie Sauer of Mascoutah; and sergeant-at-arms and assistants, Judy Modrusic, Louise Foley and Jan Modrusic of Venice-Madison.

Also installed by Hinson were the following auxiliary officers: president, Chris Schorb of Columbia; vice president, Stephanie Klemetic of Columbia; treasurer, Tina Rydell of Venice-Madison; and chaplain, Kryste Kish of Columbia. Those not present who will be installed at the first meeting in October are: historian, Cindy Yates of Granite City; secretary, Rochelle Henderson of Venice-Madison; and sergeant-at-arms, Jim Edwards of Granite City.

Jennifer Lehr of Columbia.

The American Legion officers were installed by Richard Witzbark, past 5th division commander of Steeleville, assisted by George Knowl, department sergeant-at-arms of Steeleville, and Kenneth Ohlau, 25th district commander from Steeleville.

New officers installed for 1987-88 were: president, Edward Cox of Alton; senior vice commander, Richard Bugg of East St. Louis; junior vice commander, Robert Franks of Collinsville; and sergeant-at-arms, William Weathers of Granite City; finance officer, Ted Hartmen of Cahokia; chaplain, James Egan of East St. Louis; and sergeant-at-arms, Gary Swift of Venice-Madison.

Installing the officers of the Sons of the American Legion was Glenn Smithie, past 22nd district commander from Mascoutah, assisted by William Barks, past 22nd district commander from Granite City. Officers installed were: commander, James B. Morris of Columbia; senior vice commander, Paul Morrison of Venice-Madison; adjutant, Great Katana of Venice-Madison; finance officer, Jim B. Morris of Columbia; and Tommy Morrison of Venice-Madison; chaplain, Gene Gratzke II of Granite City; sergeant-at-arms, Bob Hugo of Venice-Madison; Senior singer for the 22nd District, Gene Gratzke I of Granite City.

Mr. and Mrs. John Lake

## Lake-Robertson

Teresa Susan Robertson and John James Lake were married June 6 at St. Mary's Roman Catholic Church, Madison, by Rev. Sylvester M. Mihalek.

The bride is the daughter of Gene and Carol Robertson of Madison, and the groom is the son of Allen and Joan Bloodworth of Madison.

The maid of honor was Amy Robertson, a sister of the bride. Bridesmaids were Pam Svoboda, a cousin of the bride; Vanessa Lake, a sister of the groom; Marlene Donald; Sherry Foywacz; Teresa Stanton; and Betty Skinner, a sister of the groom.

The best man was David Morris of Granite City; witness were Jeff Bridicks, a cousin of the bride, and Steve Watson, Steve Shelby, Jeff Skinner, Steve

Dohmal and Ed Burris.

The flower girl was Melissa Skinner, a niece of the groom, and the ringbearer was Jeffrey Skinner, a nephew of the groom.

Ushers were Richard Svoboda, a cousin of the bride, and Allen Bloodworth, a brother of the groom.

A reception was held at Croation Home in Madison.

After a wedding trip to Orlando, the young couple are residing in Madison.

The bride is a 1982 graduate of Madison Senior High School and is employed by K-mart of Granite City as a layaway clerk.

The groom is a 1982 graduate of Madison Senior High School and is employed by the Madison Street Department.

Caffrey attends  
War II reunion

Damian Caffrey, 1832 Cleveland Blvd., has returned from a five-day stay in Milesburg, Pa., where he attended the annual reunion of Company F, 343rd Regiment, 91st Division of the Army.

The reunion is held every summer in a town near the home of one of the members.

This year's reunion was hosted by Ted Rhodes of Julian, Pa.

A business meeting was held on Monday evening and a banquet on Saturday evening.

On Saturday, a group of 45 members and families took a tour of Penn's Cave in Centre Hall, Pa., followed by a visit to the Army's military museum in Boalsburg.

Sunday was spent at Rhodes' 40-acre farm, with a picnic and barbeque.

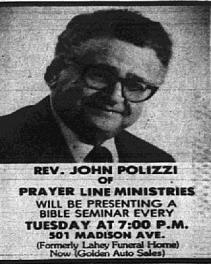

Before returning home, Caffrey went on a guided tour of Pennsylvania State University in State College, Pa. The tour included the football stadium and the school's campus and sports hall of fame.

The reunion for 1988 is planned at Griffin, Ga., the home of Harry Holliman, one of the organizers of the reunions.

This unit fought in World War II from July 1944 until the end of hostilities in 1945. The company engaged in three major campaigns there.

## DOUG ACKERMAN

Vice President

Q. Who would you tell me what the difference is between a finance charge and an annual percentage rate?

A. Although the 1969 Truth in Lending Law requires all lenders and merchants to explain or provide information on a borrowing transaction, there is still some confusion, particularly concerning the two terms you mention. The finance charge is simply the total of all charges you may be required to pay in order to obtain credit. These may include interest, loan fees, a finder's fee, service charges, points, and signature fees. The annual percentage rate, or APR, on the other hand, is the real key by which the consumer can measure and compare the costs of all types of credit. The APR is the basic interest rate that you pay when you borrow money. Essentially, it is a simple annual rate which relates the finance charge, as described above, to the amount of credit you get, and the time you have the money. This allows you to compare terms of competing lenders, and find the best rate.

## Jones

Joseph Jones, 70, of 701 West Jefferson St., Madison, died at 9:07 p.m. Sunday, July 26, 1987, at St. Elizabeth Medical Center, where he was a patient for one year.

He was born in Tiptonville, Tenn., and was an area resident for 44 years. Mr. Jones was employed at the Granite City Army installations, the St. Louis Army Supply Center.

Survivors include two brothers, Alford Jones, Dyersburg, Tenn., and Wellington Jones, Madison; three sisters, Alice Clemons and Emma Jones, both of Paluski, Ill., and Roxie Humboldt, Marion.

Services will be held at 11 a.m. Saturday at Southern Baptist Church, Madison, with the Rev. William Wiles officiating. Burial was at Sassel Gardens of Memory Cemetery, Millstadt.

## Roe

Carol L. (Wooley) Roe, 41, of 2737 Iowa St., died at 1:30 p.m. Friday, July 31, 1987, at Wood River Township Hospital. She had been a five week patient and a patient there five days.

Born in LaCrosse, Wis., March 12, 1946, she resided in Granite City 26 years after living in Peoria. She was of the Catholic faith. She is survived by four sons, Bryan, Todd, Dustin, Ill., and Phillip, Timothy and Craig Tewers, all of Granite City; one daughter, Miss Kelly Tewers, Alton; two brothers, Mark Wooley, Collinsville, and Richard Wooley; six sisters, Diane, Paula, Denny, Kathy, Holly, and Susie; and two grandchildren.

Patrick Foley  
Working for you!

Meet Patrick Foley, the staff photographer at the *Press-Record/Journal*.

Patrick's roving camera can be seen at all major news events throughout the Quad-City Area. His sports photography has been recognized with several awards.

Patrick also has an eye for capturing on film the unusual, the humorous and the human interest side of life that help characterize this newspaper as one that proves not all news has to be bad.

For more than 11 years, Patrick has been presenting the best in photography to Quad City Area residents. No one matches him.

Patrick Foley  
He's another reason the *Press-Record/Journal* proudly holds its greatest award — We're your hometown newspaper.

Visitation will begin at 4 p.m. Monday, a 2005 Pontoon Road. Mr. Eugene Costa will conduct funeral services at Thomas Chapel at 1 p.m. Tuesday. Burial will be at Valley View Cemetery, Edwardsville. Memorials may be given to the American Heart Association.

## Stipe

Jamie Stipe, 67, of 2511 Sheridan Ave., was pronounced dead at his home at 2 a.m. Saturday, Aug. 1, 1987, by Madison County Deputy Coroner Edward Werner.

His death is attributed to an apparently self-inflicted gunshot wound. A .38-caliber handgun was found with him. An inquest will be conducted.

Mr. Stipe, formerly of Arkansas, had been a Granite City resident for 16 years. He was born Oct. 26, 1920.

Survivors include his wife, Kathleen. She discovered his body and called police at 1:45 a.m.

His remains were taken to the Griffin Leggett Funeral Home, 1110 Rockford, Ark. Local arrangements for him will be made by the Werner Chapel for Funerals, 3339 Lake Drive, Pontoon Beach.

## Yates

Mary Veronica "Pearl" (Boyce) Yates, 88, died at 10:26 p.m. Friday, July 31, 1987, at the Eden Village Care Center, Edwardsville.

Born in Old Mines, Mo., she moved from Old Mines to Granite City and resided there 64 years until moving to Eden Village three years ago.

Miss Yates was a member of St. Elizabeth Catholic Church and Veterans of Foreign Wars Auxiliary 1300, Granite City.

She was preceded in death in 1962 by her husband, Charles Yates. They were married Nov. 5, 1917, in St. Louis, Mo. Also preceding her in death were her daughter, Charlene Yates; a son, Kenneth Yates; one sister, Rene Smith; and three brothers, Edward, Gabe and Ivan Boyer.

She is survived by two sons, Lester Yates, Bellflower, Calif., and Edward Yates, Troy, Ill.; two brothers, Clifford Boyer, Desoto, Mo., and Clayton Boyer, Huntsville, Ala.; five grandchildren, nine great-grandchildren and one great-great-grandchild.

Visitation will begin at 3 p.m. Sunday at Thomas Memorial Mortuary, 2205 Pontoon Road. A wake service will be held there at 6 p.m. Sunday.

Funeral Mass will be at 9:30 a.m. Monday at St. Elizabeth Catholic Church, Pontoon and Johnson roads. Burial will be at Calvary Cemetery, Edwardsville. Masses are suggested as memorials.

## Grassroots

Upcoming meetings of Quad-City Area governmental taxing bodies include:

Clinton Town Board, 7 p.m. Monday, Aug. 3, 6974 Thorngate Drive.

Granic City Council, 7 p.m. Tuesday, Aug. 4, City Hall, 2000 Edison Ave.

Venice City Council, 8 p.m. Tuesday, Aug. 4, City Hall, Broadway and Fourth Street.

Metro East Sanitary District Board, 10 a.m. Wednesday, Aug. 5, 1800 Madison Ave.

## No local services for Louis Grotz, 73

There will be no services in Granite City for Louis Grotz, 73, of Scottsdale, Ariz., and Granite City.

He died at 1 a.m. Thursday, July 31, 1987, at Scottsdale Memorial Hospital.

His remains were cremated in Scottsdale.

Thomas Memorial Mortuary, 2205 Pontoon Road, was in charge of arrangements.

plant and utility customers in the area are on the line.

"Within five years, we and other utilities in the Midwest will be extremely thankful that we have been splitting our time equally, working for both Provide and Providence. The board has now determined that it is in the best interest of the company that executive is necessary to meet the increasing needs of Provide."

According to the board, Allan Roney, vice president of administration for Providence, has been splitting his time equally, working for both Provide and Providence. The board has now determined that it is in the best interest of the company that executive is necessary to meet the increasing needs of Provide.

Due to this decision, Roney will assume the responsibilities of president of Providence.

Mr. Roney has been with Provide since its inception in January 1981.

The board of directors of Providence has also announced the promotion of Ginny Lepping to vice president of administration for Providence. Prior to this announcement, Lepping was the director of SEMC's Industrial/Occupational Medicine Program since it began in January 1981.

The Industrial/Occupational

## Home health equipment business here expands

Since its inception, Provide, a home-health equipment business jointly owned by Reese Drug and Providence, a sister company of St. Elizabeth Medical Center, has been experiencing steady growth, opening new locations and becoming involved in other new business opportunities.

According to the board, Allan Roney, vice president of administration for Providence, has been splitting his time equally, working for both Provide and Providence. The board has now determined that it is in the best interest of the company that executive is necessary to meet the increasing needs of Provide.

Due to this decision, Roney will assume the responsibilities of president of Providence, in which he has been involved since its inception.

Mr. Roney has been with Provide since its inception in January 1981.

The Industrial/Occupational

Medicine Program has become the dominant business of Provide.

The changes were effective July 6.

## Triplets fall in 7th; Optimists ousted

## Lynn's 2-hitter ends it for GC

By Dave Whaley  
Executive sports editor

GRANITE CITY — Adam Lynn extricated his revenge on Friday, and the summer baseball season for Granite City is over as a result.

Lynn, a sophomore pitcher for Edwardsville High School last season, was an 8-4 loser to the Warriors in the regional championship game, but he was in much better form Friday at Varsity Field, pitching a two-hitter as Edwardsville Post 199 won the North Division playoff title with a 3-1 win over the Triplets.

Granite City finished at 21-10 in Gus Lignoul's first year at the helm. Edwardsville (16-11) moved on to face Marion in the Division 3 championship. A best-of-three series, the first game was played in Edwardsville on Saturday night with the second (and third) rescheduled for Sunday, Aug. 9.

"It was a tale of pitching," Lignoul said. "Their guy was able to go seven innings and our starter only gave five."

David Hendrickson pitched five strong innings, but like Scott LeVault the night before, he was limited to five innings by league rules. Lynn, however, pitched seven on Wednesday. Mike Krausz came on and pitched a spotless sixth, but singly by Mark Ringerling and Bob Sirtak, double combined for the decision in the ninth. A wild pitch later added an insurance run.

"We impressed on Ringerling the importance of leading off the inning," Edwardsville manager Ken Schaeke said. "We wanted him to shorten his swing and go up the middle. He was a little late, but he got it to go up."

The Sirtak, who is entering his sophomore year at Lewis and Clark Community College in Godfrey, drilled one up the gap off the center fielder's glove.

Ringerling homed in on Sirtak. Kevin Gockel followed with a hit, but the Triplets again foiled a double steal when Joe Wallace blocked the plate and tagged Sirtak. Mike Long bunted the runners to second and third.

(Staff photo by Dave Whaley)  
WAITING FOR SOME ACTION: Triplets first baseman John Moad and Edwardsville runner Bob Sirtak watch as a pitch is made during Thursday's game.

before the wild pitch plated Gockel.

That was more than enough for Lynn, who allowed only one unearned run. The Triplets executed the double steal for a run in the first. Ringerling walked with two outs and went to third on Sirtak's long single off the fence. Sirtak then went to first. Ringerling hit the ball off the fence in the left-field corner, but it paid off when the double steal worked as Ringerling scooted home after Wallace threw through.

The Triplets' best chance was in the first when Tim Hogan sin-

gle, stole second and went to third on Todd Hinterser's fieldout. Charlie Collins walked, but John Moad hit into a 4-6-3 double play, narrowly missing beating the play at first.

They tied it in the third when Hogan reached on an error by Gockel, stole second again and scored on a wild fielder's throw. Evans missed Hinterser's line drive for an error. But Hendrickson's hit in the fifth was the only other Granite City runner the rest of the game, although Hogan forced him and stole his third base of the game. But Hin-

terser fanned to end the inning. Lynn got 12 infield grounders and struck out four. There were only two fly balls to the outfield, and he seemed "miserable," Lignoul said. "That's what we did best. But he (Lynn) was very good tonight. We swung at a lot of bad pitches."

They tied it in the third when Hogan reached on an error by Gockel, stole second again and scored on a wild fielder's throw. Evans missed Hinterser's line drive for an error. But Hendrickson's hit in the fifth was the only other Granite City runner the rest of the game, although Hogan forced him and stole his third base of the game. But Hin-

## Paddlers end perfect regular season

It was more of the same as Paddlers ended the regular season on Tuesday.

Granite City's swim team finished off another unbeaten regular season with a 296-244 win over Wedgewood in St. Louis. Results of the Paddlers' meets, who scored points in the meet follow. The Southwestern Illinois Swimming Association finals were scheduled for Saturday at the paddlers. Complete results will appear in Wednesday's Journal.

## Optimists

(Continued from Page 7A)

first. Two more were stranded in the top of the second.

A hit, two walks, a wild pitch and a sacrifice fly by Pat Harvey made it 4-0 in the third, but John Van Buskirk singled in Wallace, who had the Optimist third. But Kory Burton flied to right to leave two more on.

Three more walks by Cook and a sacrifice fly by pitcher Mike Barta made it 5-0 in the fourth. Wallace came on in relief, but he also had trouble with the strike zone. He walked four and threw wild twice for Barta's ninth run in the fifth.

Chris Bartling got an RBI single in the fifth and the bases were loaded with nobody out, but Burton, Kory, grounded out and Chris Ryan flied to right to strand two more. Hits by Chad Lignoul, Wallace and Hampshire made it 6-0 in the sixth, but the man of frustration continued when Van Buskirk flew out.

A hit by Mark Calhoun, another walk and Chris Nolan's error on a potential double play put the Quax on an insurance run for the Quax (16-8). Burton was hit by a pitch to start the Optimist seventh, but Kohler, Ryan and Nolan went out to end the game.

"I probably won't go up to watch the finals," Kacera said. "It's time to spend a little time with the family."

The Optimists had won their division the past two years, but took second this year. They had lost in the first round at Edwardsville in each of the past two years, but fell one game short of that in 1987.

"It's tough to say how many players we'll get back next year," Kacera said. "Our division team is losing a lot of players."

Whoever is there, Kacera will have a goal of getting back first place and a berth in the finals.

## Thursday

(Continued from Page 7A)

to start the seventh before fanning Bob Zoelzer to end the game.

"He pitched great once he got the first man out," said Wallace. "We went out there and just told him to concentrate. He was throwing some great curve balls."

"Our hitters got a little anxious on the home run," said Edwardsville manager Ken Schaeke. "The next two guys were swinging for home runs and they aren't home run hitters."

Begando and the Triplets could have easily had a much bigger lead to work with. They left the bases loaded three times and ended up with one run. But they got two in the second on a Hendrickson single, a walk to Jeff Grote, Sirkat's error on LeVault's ground ball and Tim Hogan's two-run double. Jim Moad lined to shortstop Lynn to end the inning with the bases filled.

A single by Wallace and three straight two-out walks by Post 139 starter Dan Meyer made it 3-0 in the third. Hogan got the RBI walk, but Todd Hintersher was robbed of three RBIs when Ringler made a diving catch of his shot to right-center to end that inning.

Edwardsville had runners at first and third with one out in the second and tried to steal a run. Long broke for second and Hill came home when the throw went through. But Hendrickson — who had returned to the ball to Wallace, who tagged Hilla despite a good collision.

"I had the plate blocked off, but he hit me pretty good," Wallace said.

"It wasn't a real aggressive slide by Hilla," Schaeke said. "We don't want them to slide there. When the catcher has the plate, and you're last, you have to run into him better."

Gockel doubled in the fourth and a hit batsman and a walk filled the bases before Wallace's passed ball. But the Triplets' new version of Jack Clark answered in the bottom of the fourth. Charlie Collins hit his third home run in the past two weeks — to make it 4-1.

"Charlie has been a big help to us in recent weeks," Lignoul said. "We missed him at the beginning of the year, when he was still recovering from broken hands suffered during the high school season."

"We had a chance for more," Bob Moad said. "Hillers hit the ball pretty well with the bases loaded, but our pitch selection wasn't very good in the sixth."

"They didn't make mistakes and we did," Schaeke said. "The momentum is on their side now."

(Lynn, Dan Meyer and Paul Aulio).

"It was the type of game where nobody wanted to make a mistake."

"Mike Krauss did a great job at a good sixth," Lignoul said.

"The first out was the most important in the seventh, but the first three got hits. Mark Begano thought about bringing John Moad in, but Mike did well. It's a bad day to have trouble with the strike zone. He walked four and threw wild twice for Begano's ninth run in the fifth.

Chris Bartling got an RBI single in the fifth and the bases were loaded with nobody out, but Burton, Kory, grounded out and Chris Ryan flied to right to leave two more on.

Three more walks by Cook and a sacrifice fly by pitcher Mike Barta made it 5-0 in the fourth. Wallace came on in relief, but he also had trouble with the strike zone. He walked four and threw wild twice for Barta's ninth run in the fifth.

Ralph (Burnett) and Tommy (Hennich) I'm very pleased with a 21-10 record."

That means a record of 50-20 this year for those who played for the Warriors (29-10) in the spring and the Triplets (21-10) in the summer.

NOTES: Marissa advanced to the final, for those who played for the Warriors (29-10) in the spring and the Triplets (21-10) in the summer.

Lignoul and six of his players

(Tim and Jamie Hogan, Hendrickson, Collins, LeVault and Leckie) will have one more night on Tuesday at the District 7-3A All-Star game. That begins at 7:30 at Longsare Park in Fairview Heights. The Triplets will be joined by Hogan, who will be in Normal this week for the Illinois High School All-Star football game. He could have been an extra man for the pitching staff, but he wanted to be part of the team and had good hitting.

"This was too bad for our first time out," Lignoul said. "It was a new experience for me,

Ralph (Burnett) and Tommy (Hennich) I'm very pleased with a 21-10 record."

(Tim and Jamie Hogan, Hendrickson, Collins, LeVault and Leckie) will have one more night on Tuesday at the District 7-3A All-Star game. That begins at 7:30 at Longsare Park in Fairview Heights. The Triplets will be joined by Hogan, who will be in Normal this week for the Illinois High School All-Star football game. He could have been an extra man for the pitching staff, but he wanted to be part of the team and had good hitting.

"This was too bad for our first time out," Lignoul said. "It was a new experience for me,

Ralph (Burnett) and Tommy (Hennich) I'm very pleased with a 21-10 record."

That means a record of 50-20 this year for those who played for the Warriors (29-10) in the spring and the Triplets (21-10) in the summer.

NOTES: Marissa advanced to the final, for those who played for the Warriors (29-10) in the spring and the Triplets (21-10) in the summer.

Lignoul and six of his players

**Don't be fooled!  
Not all retail  
outlets advertising  
Goodyear tires  
are authorized  
Goodyear outlets.**

**Some dealers advertise  
Goodyear tires they obtain  
through secondary  
sources, but they are not  
authorized Goodyear  
outlets. They do not have  
access to Goodyear factory  
training or factory technical  
information. Often, they  
have parts or complete inventories  
and cannot immediately  
deliver the best Goodyear tire for your  
driving needs.**

**For top quality Goodyear  
products, buy from a  
Goodyear direct outlet. The  
authorized Goodyear outlets  
listed are staffed with trained  
sales and service experts  
who know how to meet  
your needs for maximum  
tire mileage.**
